PROFILE SUMMARY

Results-driven **Java Developer** with hands-on experience in **Java, JDBC, MySQL, and web development**. Skilled in designing and implementing scalable applications using **OOP principles** and **layered architecture**. Demonstrated ability to develop efficient, maintainable code and deliver functional software solutions through academic and internship projects.

SKILLS

- ❖ **Programming Languages :** C, Java, JavaScript
- ❖ **Web Technologies :** HTML, CSS, Bootstrap, Tailwind
- ❖ **Databases :** MySQL, MongoDB
- ❖ **Framework :** Collection, Hibernate, Express.js
- ❖ **Tools :** Git, GitHub, VS Code, Eclipse IDE, MySQL Workbench

EDUCATION

- ❖ **Bachelor of Engineering (SPPU)**
Late GN Sapkal College of Engineering, Nashik
CGPA: 6.64 (2021-2025)
- ❖ **HSC (Maharashtra State Board of Secondary and Higher Secondary Education)**
Savitribai Phule Junior College MPKV, Rahuri
77.50% (2020-2021)

EXPERIENCE

- ❖ **Web Designing | SoftCrowd Technologies (Intern)** (10 Jan 2024 – 10 Feb 2024)
 - Developed a **responsive web application** using HTML, CSS, and JavaScript to manage service requests, improving user engagement by 20%.
 - Optimized front-end performance by implementing **modular CSS components** and **reusable design patterns**, reducing page load time by **25%**.
 - Enhanced code maintainability through structured file organization and consistent naming conventions.

PROJECTS

- ❖ **Vehicle Rental System | Core Java, OOP, MySQL**
 - Designed and implemented a **vehicle rental management system** with Admin and Customer modules for inventory control, booking, and billing
 - Applied **OOP concepts** (inheritance, polymorphism, interfaces) to create a modular and scalable architecture.
 - Integrated **email receipt generation** and error handling to improve user experience and system reliability.
- ❖ **ATM System | Java, JDBC, MySQL**
 - Developed an ATM simulation system supporting balance inquiry, withdrawal, deposit, and PIN management.
 - Utilized JDBC for secure database connectivity and transaction management.
 - Improved data accuracy by implementing validation checks and exception handling mechanisms.

CERTIFICATION

- ❖ **Programming using Java - Infosys SpringBoard**
- ❖ **SQL (Advanced) - HackerRank**
